This is to certify that Professor Dharmendra Singh joined the services of Kebbi State University of Science and Technology Aliero, Nigeria in the Department of Plant Science and Biotechnology (Formerly Department of Biological Sciences) on 21st May 2008 and has successfully completed the contract period of more than sixteen years. The Contract period was from 21st May 2008 to 11th June 2024.

Prof. Singh was the Head of Department of Biological Sciences of this University from June 2010 to December 2016 and Head of Department of Plant Science and Biotechnology from September 2018 to 10th June 2024. Prof. Singh also has been appointed in several committees of the University as a Chairman and Member.

Prof. Singh has conducted two research projects sponsored by Tertiary Education Trust Fund (TETFund), Abuja Nigeria.

Prof. Singh has taught Under Graduate and Post Graduate students; he also supervised many Post graduate students (Ph.D Thesis/ M.Sc. Dissertation).

Prof. Singh being a Professor of Plant Science (Botany), Member of University Senate and Head, Department of Plant Science and Biotechnology has made useful contributions to the academic and research development of the University. He is hardworking and well mannered. His academic and research performance is highly excellent.

Finally, On behalf of the Kebbi State University of Science and Technology Aliero, we have no objection for Prof. Singh to get a job in any University or Institution or elsewhere.

You may wish to render him any assistance he may require, please.

Thank you.

**LETTER OF APPRECIATION TO A PROMINENT PROFESSOR OF BOTANY –
PROFESSOR DHARMENDRA SINGH**

This is to express our profound appreciation to you on the excellent services you delivered to Kebbi State University of Science and Technology, Aliero in particular and Nigeria in general. Your seventeen years of service (2008 -2024) have been very impactful and progressive. No doubt you established a firm base for Plant Science and Biotechnology through rigorous training of both undergraduate and postgraduate students as well as quality research and community service.

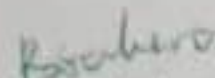

Your dedication in tree planting on regular basis has promoted growth of vegetation on a hitherto open University Campus. The Botanic Garden you established is now a reference research centre attracting staff, students and other stakeholders within and outside the University Community.

Within the twelve years you served as the Head of Department, large of number of students have graduated with Doctorate (PhD) and Master of Science (MSc,) degrees and many staff and students have participated in international and national conferences and workshops. The Herbarium collection is very well organized and was commended by the accreditation team from the National Universities Commission (NUC).

Recently the chairman of the University Governing Council visited the Botanic Garden and promised to intimate the Governor of Kebbi State, Nigeria with a view to utilize your expertise in the development of gardens and parks in the State. This is as a result of what is already established in the University Botanic Garden.

Finally, I wish you well in your future endeavours

Thank you,

Prof. Bashar Ladan Aliero
