Professional appointments

**Visiting Research Scholar, Graduate School of Global Environmental Studies, Kyoto University,
October 1, 2024 – March 31, 2025.**

In this position, I surveyed populations, collected and analyzed data on microhabitat related to the conservation of imperiled Japanese salamanders. I also used statistical techniques to test biogeographic hypotheses with genomic datasets related to the ecology and evolution of Japanese salamanders.

Research Facility Manager, Office of Research, Economic Development and Engagement, East Carolina University, February 15, 2023 – September 29, 2024.

In this position, I made decisions on the methodology and techniques for conducting research, lead the set up and development of research instruments, produced qualitative and quantitative research plans; facilitated research teams, coordinated fieldwork initiatives, and conducted post-research analyses and evaluations. I also conducted periodic review and analyses of research projects and offered advice and mentoring as needed and maintained detailed reporting of all research project information and made actionable recommendations to stakeholders and principal investigators when appropriate. I managed the professional research development and evaluated the performance of research personnel, including research coordinators, research specialists, graduate and undergraduate students, as well as, postdoctoral scholars.

Faculty/Lead Researcher, Nash Community College, January 7, 2010 – December 31, 2022

I taught science majors biology coursework for thirteen years as a faculty member at Nash Community College. During this time, I actively pursued professional development workshops aimed at undergraduate level teaching of evolution and for integrating research experiences into undergraduate courses. I also participated in professional development opportunities which enabled me to incorporate many best practice teaching methods in my classroom. These experiences have provided many opportunities to mentor undergraduate research and to refine and hone my approach to help engage and support students. Simultaneously, I carried out a research program aimed at testing various ecological and evolutionary hypotheses. My research program was supported by numerous grants (including NSF support).

Research Fellow, NSF ROA at Genomics & Microbiology Research Lab, NC Museum of Natural Sciences, June 16, 2014 – May 13, 2016

David Andrew Beamer, Ph.D.

Curriculum Vitae

In this position, I worked with a post-doc in the Stuart lab gathering genomic data to test species hypotheses in North American and Asian salamanders.

Research Technician, Lake Michigan Ecological Research Station, USGS BRD (AmeriCorps VISTA/Student Conservation Association), June 15, 1998 – July 27, 2001

In this position, I helped design and carry out a research project aimed at testing how fire-return intervals structured amphibian and reptile communities across biome ecotones. During the warm active season, I sampled populations and recorded data and during the cold season I manipulated the large dataset in preparation for downstream analyses. I then carried out a battery of tests to ensure data integrity and then performed a variety of statistical analyses.

Research Technician, Field Museum of Natural History, January 5, 1998 – January 29, 1999

In this position, I sorted, identified and updated the taxonomy of the 26,000+ plethodontid salamander collection.

Education

Ph.D., East Carolina University, Biology, 2015, Trip Lamb, advisor

M.S., East Carolina University, Biology, 2004, Trip Lamb, advisor

B.S., Indiana University Northwest, Biology, 1997, Spencer A. Cortwright, advisor

Grants Funded

U.S. Fish & Wildlife Service/North Carolina Wildlife Resource Commission, Title: Neuse River Waterdog Population Genomics, 2023-2025, **\$140,674**, PI

Burroughs Wellcome Fund, Title: An integrative approach using Biotechnology to uncover biodiversity in North Carolina: harnessing the excitement and imagination of young minds to do REAL science, 2020-2023, **\$180,000**, PI

Nash Community College Foundation Grant, Title: Professional Experiences In Science For Nash Community College Students & Faculty, 2019-2020, **\$2967**, PI

Nash Community College Foundation Grant, Title: Professional Experiences In Science For Nash Community College Students & Faculty, 2018-2019, **\$2985**, PI

Duke Energy K-12 to Career Grant Program, Title: Eighth to Associate Degree, 2018-2019, **\$75,000** Co-PI with Lettie Allen

National Science Foundation, Title: Collaborative Research: Genome-Scale Phylogeographic Analysis of Desmognathus Salamanders.– DEB-1656111, 2017-2021, **\$96,382** (grant total **\$528,022**), PI

David Andrew Beamer, Ph.D.

Curriculum Vitae

Duke Energy Water Resources Fund, Title: NCC Water Quality Institute Project, 2015-2017, **\$99,850**, Co-PI with Marguerite Bishop

National Science Foundation, Title: RESEARCH OPPORTUNITY AWARD: Biological Inventory of the Amphibians and Reptiles of Laos, Supplement to National Science Foundation – DEB-1145922, 2014-2016, **\$25,140** Co-PI with Bryan Stuart

Nash Community College Foundation Grant, Title: Transforming the Organismal Biology Lab, 2013-2014, **\$1,170**, PI

NC State Wildlife Grant Program, Title: Population status, distribution, and phylogeography of the seepage salamander (*Desmognathus aeneus*) in North Carolina, 2010-2011, **\$4,530**, Co-PI with Trip Lamb

National Science Foundation, Title: DISSERTATION RESEARCH: Detecting ecomorphological convergence in the salamander genus *Desmognathus*: A phylogenetic approach using molecular and geometric morphometric analyses, National Science Foundation – DEB-0808451, 2008-2009, **\$11,912**, Co-PI with Trip Lamb

SC State Wildlife Grant Program, Title: Seepage Slope Amphibians, 2007-2008, **\$7,680**, Co-PI with Trip Lamb

North Carolina Herpetological Society Grant, Title: Phylogenetic systematics of the plethodontid salamander genus *Desmognathus*: a comprehensive lineage survey based on fine-scale geographic sampling, 2007 **\$1,000**, PI

Theodore Roosevelt Memorial Grant, American Museum of Natural History, Title: Systematics, population status, and life history evolution of the plethodontid salamander genus *Desmognathus* in the coastal plain, 2005, **\$1,475**, PI

National Oceanic and Atmospheric Administration Grant, Title: Amphibian and Reptile Surveys in the Indiana Lake Michigan Coastal Zone, 2004-2005, **\$36,129**, Co-PI with Alan Resetar, Robert Brodman, Donna Resetar and Spencer Cortwright

Shirley Heinz Fund Grant, Title: Inventory of amphibians and reptiles of the Lerner Wetland with management recommendations, 1999-2000, **\$2342**, PI

Indiana University Northwest Undergraduate Research Grant, Title: Turtle species diversity before and after wetland drainage in Newton County, IN, 1997, **\$900**, PI

Chicago Herpetological Society Research Grant, Title: Turtle species diversity before and after wetland drainage in Newton County, IN, 1997, **\$100**,

Lake County Government Parks and Recreation Department Grant, Title: Inventory of amphibians and reptiles of the Oak Ridge Prairie with management recommendations, 1996, **\$2,900**, Co-PI with Spencer Cortwright

David Andrew Beamer, Ph.D.

Curriculum Vitae

United States Department of Interior Grant, Title: Ecological assessment of amphibian and reptile populations in the Grand Calumet River drainage basin, 1996, **\$2,400**, Co-PI with Kenneth Mierzwa and Spencer Cortwright

Indiana University Northwest Undergraduate Research Grant, Title: Turtle species diversity in relation to wetland diversity, 1996, **\$500**, PI

Chicago Herpetological Society Research Grant, Title: Turtle species diversity in relation to wetland diversity, 1996, **\$500**, PI

Teaching Experience

David Andrew Beamer, Ph.D.

Curriculum Vitae

Nash Community College, 2010-2022

- Introduction to Biology I & II (with Lab)
- Introduction to Biotechnology (with Lab)
- Genetics (with Lab)
- Field Biology
- Regional Natural History
- Microbiology (with Lab)

East Carolina University, Visiting Faculty Instructor of Biology, 2010-2011

- Survey of Human Physiology and Anatomy and Biology and Survey of Human Physiology and Anatomy Lab

East Carolina University, Teaching Assistant for Introduction to Biology I Lab (majors)/ Introduction to Biology Lab (non-majors), Fall 2006-Spring 2009

East Carolina University, Teaching Assistant for Introduction to Biology II Lab (majors), Fall 2001-Spring 2002

Mentoring Experience

REU Mentor, Mountain Lake Biological Station, 2021-2022

- Scott Brueshaber - The Effects of Competition on Populations of the Northern Gray-Cheeked Salamander (*Plethodon montanus*).
- Esme Macpherson - Puzzling plethodontids: Looking for traces of an introduced Dusky salamander (*Desmognathus*, Plethodontidae) using DNA barcoding and morphometric analyses.
- Kathryn Davis - Environmental correlates of population density and home range size of an introduced population of terrestrial salamander.

Undergraduate Mentor, Nash Community College, 2010-2022

- Kathryn Davis and Perla Morales - Geometric morphometric analysis of candidate species within *Desmognathus fuscus*.
- Payal Patel and Lydia Warthin - Investigating the Distribution and Taxonomic Status of *Eurycea wilderae*

David Andrew Beamer, Ph.D.

Curriculum Vitae

- Samantha Gaskins and Brittany Shearin - Temporal aspects of head shape evolution in an introduced population of salamanders
- Jessica Trueblood - Genomic assessment of diversity in Red, Mud and Spring Salamanders
- Haley Honeycutt - Morphological variation in tail shape of stream-edge dusky salamanders species
- Henri Vega-Bernal - Biogeographic variation in seepage salamanders
- Tyler Scott - Testing species limits in Three-lined and Longtail Salamanders
- Natalie Bernat - Developing an eDNA protocol to distinguish two closely related species of waterdogs in turbid coastal waters
- Trina Phan - Using Maximum Likelihood Networks to infer reticulation events between lineages in the Northern Dusky Salamander species complex
- Alan Babineau - Phylogeographic survey of Gray Cheeked Salamanders in the area surrounding the South Mountains and Evaluating seasonal variation in the use of eDNA to detect the presence of Neuse River waterdogs
- Adriana Cabera-Zurita and Marilu Salazar - Using genomic data to detect cryptic diversity in Northern Dusky Salamanders
- Inderson Mirchandani - Mimicry In Two Genera Of Salamander
- Zachary Privette - Phylogeography of the Three-Lined Salamander
- Kabryn Mattison - Testing for sexual incompatibility between dusky salamander species characterized by an ancient hybridization event
- Clayton Lynch - Phylogeography of the Red, Mud, and Spring Salamanders
- Ismael Gomez - Phylogeography of the Seepage Salamander
- Chelsea Crocker - Development of nuclear markers to examine speciation in salamanders
- Nathaniel Akers, Bobbie Legg and Thomas Bridgers - The phylogenetic position of Two-lined Salamander populations along North Carolina and Virginia borders
- Jessica Avila - Morphological homoplasy in mountain dusky salamanders
- LaShonda Caine - Phylogeographic profile of the salamander genus, *Pseudotriton*

Undergraduate Mentor, East Carolina University, 2008-2009

- Dorothy Lloyd and Courtney Morgan - Phylogeography of dwarf salamanders

David Andrew Beamer, Ph.D.
Curriculum Vitae

Supervised undergraduate grants

2018 Yarborough Grant - \$500. Tyler Scott – Specific status of *Eurycea guttolineata* and *Eurycea longicauda* based on mtDNA sequence data.

2015 George Barthalmus Undergraduate Research Grant - \$355. Ismael Gomez - A Comparison of Mitochondrial and Nuclear Gene Trees of the Seepage Salamander (*Desmognathus aeneus*).

2014 George Barthalmus Undergraduate Research Grant - \$178. Kabryn Mattison - Past, Present, Future: Hybridization Between Two Dusky Salamander Lineages.

2013 Yarborough Grant - \$300. Jessica Avila – Morphological Homoplasy Within Mountain Dusky Salamanders.

2013 George Barthalmus Undergraduate Research Grant - \$165. Jessica Avila - Morphological Homoplasy Within Mountain Dusky Salamanders.

2012 George Barthalmus Undergraduate Research Grant - \$932. LaShonda Caine - A Phylogeographic Profile Of Red And Mud Salamander.

2011 George Barthalmus Undergraduate Research Grant - \$375. Bobbie Legg – The Phylogenetic Position of the Two-lined Salamander Populations from a Contact Zone Along the North Carolina and Virginia Borders.

Professional development

UFERN Workshop: Meeting Students Where They Are: Creating Student-centered Undergraduate Field Experiences. Virtual Meeting, January 27-28, 2022.

Workshop - Teaching Evolution Through a Culturally Competent Lens. Hobble Creek Canyon, Springville, Utah, October 27-30, 2021.

HHMI BioInteractive Workshop: Best Practices in Writing Selected Response Assessment Items. Virtual Meeting, August 6 & August 20, 2021.

HHMI BioInteractive Workshop: Scientific Figures: Pairing Data Points With Other BioInteractive Resources. Virtual Meeting, July 28, 2021.

Symposium: A CURE for your Curriculum: Implementing Course-embedded Undergraduate Research (CUREs) into your Curriculum. The 81st Annual Association of Southeastern Biologists Meeting, Virtual Meeting, March 24-26, 2021.

Short Course: Phylogenetic comparative analysis of integrated anatomical traits. 2019 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists, Providence, RI, June 21-25, 2019.

David Andrew Beamer, Ph.D.

Curriculum Vitae

ASN Workshop – Science Communication 101. 2019 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists, Providence, RI, June 21-25, 2019.

Reproducibility For Everyone Workshop. 2019 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists, Providence, RI, June 21-25, 2019.

Fostering Research Experiences in Introductory Laboratory in Biology Workshop. 2017 Meeting of the National Associations of Biology Teachers. St. Louis, MO, November 9-12, 2017.

Professional Development for Undergraduate Educators: Scientific Thinking with Models and Data. 2017 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists. Portland, OR, June 22-28, 2017.

SSB Phylogenetics Symposium and SSB Software School. 2016 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists. Portland, OR, June 16-22, 2016.

Symposium of Phylogenomics. 2014 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists. Raleigh, NC, June 19, 2014.

Experiencing Evolution: A Professional Development Workshop for Undergraduate Educators. 2014 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists. Raleigh, NC, June 20, 2014.

Generation and Analysis of High-Throughput Sequencing Data for Phylogenetics and Phylogeography. NESCent, Durham, NC June 3-9, 2013.

NSF ATE Professional Development, Genomic Approaches in BioSciences Follow-up Workshop, Gwinnett Technical College, Lawrenceville, Georgia, April 14, 2012.

NSF ATE Professional Development, Genomic Approaches in Biosciences Workshop, Universidad del Turabo, Gurabo, Puerto Rico, August 8-12, 2011.

Divergence Time Estimation Workshop. Rutgers University, NJ. January 8, 2010.

Presentations/ Published Abstracts

Beamer, D.A. 2024. *Necturus* phylogenomics reveals the river drainage history of the Southeastern United States. 63rd Annual Meeting of the Herpetological Society of Japan, Hyogo, Japan, November 2-3, 2024.

Beamer, D.A. 2023. This questing beast: behind the scenes of Dunn's 1926. 8th Conference on the Biology of Plethodontid Salamanders, Hammond, LA, May 25-27, 2023.

David Andrew Beamer, Ph.D.

Curriculum Vitae

- Trueblood, J.M., H. Honeycutt and **D.A. Beamer**. 2018. Mitochondrial and Genomic Data Set Resolve Congruent Topologies in *Pseudotriton* and *Gyrinophilus*. 2018 Southeastern Ecology, Evolution, and Population Genetics Meeting, Mountain Lake, VA, October 5-7, 2018.
- Babineau, A.M. and **D.A. Beamer**. 2018. *Plethodon meridianus*: Looking Outside the Park. 2018 Southeastern Ecology, Evolution, and Population Genetics Meeting, Mountain Lake, VA, October 5-7, 2018.
- Phan, T.P. and **D.A. Beamer**. 2018. Using Maximum Likelihood Networks to Infer Reticulation Events Between Lineages in the Northern Dusky Salamander Species Complex. The 79th Annual Association of Southeastern Biologists Meeting. Myrtle Beach, SC, March 28-31, 2018.
- Vega-Bernal, H. and **D.A. Beamer**. 2018. Testing for Introgression and Speciation in Seepage Salamanders (*Desmognathus aeneus*). The 79th Annual Association of Southeastern Biologists Meeting. Myrtle Beach, SC, March 28-31, 2018.
- Lynch, C.L., J.M. Trueblood and **D.A. Beamer**. 2018. Using Genomic Data to Test for Monophyly in *Pseudotriton* and *Gyrinophilus*: A Range Wide Survey. The 79th Annual Association of Southeastern Biologists Meeting. Myrtle Beach, SC, March 28-31, 2018.
- Scott, T., A.M. Babineau and **D.A. Beamer**. 2018. Taxonomic Perspective of *Eurycea guttolineata* and *Eurycea longicauda* Based on Mitochondrial DNA Sequence Data. The 79th Annual Association of Southeastern Biologists Meeting. Myrtle Beach, SC, March 28-31, 2018.
- Liu, M., T.P. Phan and **D.A. Beamer**. 2018. An Examination of the Contact Zone between Northern and Southern Two-Lined Salamanders (*Eurycea*). The 79th Annual Association of Southeastern Biologists Meeting. Myrtle Beach, SC, March 28-31, 2018.
- Phan, T.P. and **D.A. Beamer**. 2018. Using Maximum Likelihood Networks to Infer Reticulation Events Between Lineages in the Northern Dusky Salamander Species Complex. The 115th Annual Meeting of the North Carolina Academy of Science. Raleigh, NC, March 23-24, 2018. **2nd place Derieux Award - Oral Presentation**
- Scott, T. and **D.A. Beamer**. 2018. Taxonomic Perspective of *Eurycea guttolineatta* and *Eurycea longicauda* Based on Mitochondrial DNA Sequence Data. The 115th Annual Meeting of the North Carolina Academy of Science. Raleigh, NC, March 23-24, 2018. **3rd place Derieux Award - Poster Presentation**
- Trueblood, J.M. and **D.A. Beamer**. 2018. Using Genomic Data to Test for Monophyly in *Pseudotriton* and *Gyrinophilus*: A Range Wide Survey. The 115th Annual Meeting of the North Carolina Academy of Science. Raleigh, NC, March 23-24, 2018.
- Vega-Bernal, H. and **D.A. Beamer**. 2018. Determining Morphological Differentiation in Tiny Salamanders (*Desmognathus aeneus*): A Look Into Head Structure. The 115th Annual Meeting of the North Carolina Academy of Science. Raleigh, NC, March 23-24, 2018.
- Phan, T.P. and **D.A. Beamer**. 2017. Using Genomic Data to Test for Introgression Between Putative Species of Dusky Salamanders (*Desmognathus*). The 13th Annual State of North

David Andrew Beamer, Ph.D.
Curriculum Vitae

Carolina Undergraduate Research & Creative Symposium. Buies Creek, NC, November 4, 2017.

- Lewis, E.A. and **D.A. Beamer**. 2017. Developing an eDNA Protocol to Distinguish Two Closely Related Species of Waterdogs (*Necturus*) in Turbid Coastal Waters. The 13th Annual State of North Carolina Undergraduate Research & Creative Symposium. Buies Creek, NC, November 4, 2017.
- Vega-Bernal, H. and **D.A. Beamer**. 2017. Looking for Morphological Differentiation in Deeply Diverged Lineages of Tiny Salamanders (*Desmognathus aeneus*). The 13th Annual State of North Carolina Undergraduate Research & Creative Symposium. Buies Creek, NC, November 4, 2017.
- Phan, T.P. and **D.A. Beamer**. 2017. Using Genomic Data to Test for Introgression Between Putative Species of Dusky Salamanders (*Desmognathus*). 2017 Southeastern Ecology, Evolution, and Population Genetics Meeting, Laurel Hill, NC, October 20-22, 2017.
- Bernat, N. and **D.A. Beamer**. 2017. Developing an eDNA Protocol to Distinguish Two Closely Related Species of Waterdogs (*Necturus*) in Turbid Coastal Waters. 2017 Southeastern Ecology, Evolution, and Population Genetics Meeting, Laurel Hill, NC, October 20-22, 2017.
- Vega-Bernal, H. and **D.A. Beamer**. 2017. Looking for Morphological Differentiation in Deeply Diverged Lineages of Tiny Salamanders (*Desmognathus aeneus*). 2017 Southeastern Ecology, Evolution, and Population Genetics Meeting, Laurel Hill, NC, October 20-22, 2017.
- Babineau, A.M. and **D.A. Beamer**. 2017. Expanding the Known Range of the South Mountain Gray-Cheeked Salamander (*Plethodon meridianus*) using mtDNA sequencing. The 114th Annual Meeting of the North Carolina Academy of Science. High Point, NC, March 24-25, 2017.
- Lewis, E.A., H. Vega-Bernal and **D.A. Beamer**. 2017. Phylogeographic structure and speciation in Seepage salamanders (*Desmognathus aeneus*). The 114th Annual Meeting of the North Carolina Academy of Science. High Point, NC, March 24-25, 2017.
- Phan, T.P., A.M. Babineau and **D.A. Beamer**. 2017. Using mtDNA to Accurately Describe Diversity within the Northern Dusky Salamander Species Complex. The 114th Annual Meeting of the North Carolina Academy of Science. High Point, NC, March 24-25, 2017.
1st place Derieux Award - Poster Presentation
- Babineau, A.M., T.P. Phan, and **D.A. Beamer** 2017. A New Species of "*Desmognathus*" identified within Northern Dusky species complex. The 78th Annual Association of Southeastern Biologists Meeting. Montgomery, AL, March 29 – April 1, 2017.
- Vega-Bernal, H. and **D.A. Beamer** 2017. Phylogeographic structure and speciation in a tiny vertebrate species: Seepage salamanders (*Desmognathus aeneus*). The 78th Annual Association of Southeastern Biologists Meeting. Montgomery, AL, March 29 – April 1, 2017.

David Andrew Beamer, Ph.D.

Curriculum Vitae

- Gomez, I. and **D.A. Beamer**. 2016. Diversification of Seepage Salamanders (*Desmognathus aeneus*) as Revealed Through Mitochondrial and Nuclear Sequence Data. The 12th Annual State of North Carolina Undergraduate Research & Creative Symposium. Raleigh, NC, November 5, 2016.
- Cabrera Zurita, A., M. Salazar and **D.A. Beamer**. 2016. Cryptic diversity in Northern Dusky Salamanders. 2016 Joint Meeting of the Society for the Study of Evolution, the Society of Systematic Biologists, and the American Society of Naturalists. Austin, TX, June 17-21, 2016.
- Cabrera Zurita, A., M. Salazar and **D.A. Beamer**. 2016. Cryptic Diversity in Northern Dusky Salamanders. The 113th Annual Meeting of the North Carolina Academy of Science. Fayetteville, NC, April 1-2, 2016.
- Gomez, I., I.K. Mirchandani and **D.A. Beamer**. 2016. Diversification of Seepage Salamanders (*Desmognathus aeneus*) as Revealed Through Mitochondrial and Nuclear Sequence Data. The 113th Annual Meeting of the North Carolina Academy of Science. Fayetteville, NC, April 1-2, 2016. **3rd place Derieux Award - Poster Presentation**
- Lynch, C.L., and **D.A. Beamer**. 2016. Phylogeography of the Red, Mud, and Spring Salamanders. The 113th Annual Meeting of the North Carolina Academy of Science. Fayetteville, NC, April 1-2, 2016.
- Mirchandani, I.K., Z.W. Privette, I. Gomez and **D.A. Beamer**. 2016. Does the Northern Two-Lined Salamander (*Eurycea bislineata*) Occur in North Carolina? The 113th Annual Meeting of the North Carolina Academy of Science. Fayetteville, NC, April 1-2, 2016.
- Smith, H., and **D.A. Beamer**. 2016. Dwarf Black Bellied Salamanders (*Desmognathus folkertsi*): Are They In North Carolina? The 113th Annual Meeting of the North Carolina Academy of Science. Fayetteville, NC, April 1-2, 2016.
- Killoran, S.M., Z.W. Privette and **D.A. Beamer**. 2016. Phylogeography of the Three-Lined Salamander: Unexpected Levels of Genetic Homogeneity Across the Southeastern United States. The 113th Annual Meeting of the North Carolina Academy of Science. Fayetteville, NC, April 1-2, 2016. **2nd place Derieux Award - Poster Presentation**
- Lynch, C.L. and **D.A. Beamer**. 2016. Phylogeography of the Red, Mud, and Spring Salamanders. The 13th Annual Southeastern Ecology and Evolution Conference. Athens, GA, March 11-13, 2016.
- Marshall, P.J., R. Rogers and **D.A. Beamer**. 2016. Distribution of Mitochondrial DNA Haplotypes Associated With An Ancient Hybridization Event. The 13th Annual Southeastern Ecology and Evolution Conference. Athens, GA, March 11-13, 2016.
- Mirchandani, I.K., I. Gomez, Z.W. Privette and **D.A. Beamer**. 2016. mtDNA Sequence Data Reveals the Presence of Northern Two-Lined Salamanders (*Eurycea bislineata*) in North Carolina. The 13th Annual Southeastern Ecology and Evolution Conference. Athens, GA, March 11-13, 2016.

David Andrew Beamer, Ph.D.

Curriculum Vitae

- Salazar, M., A. Cabrera Zurita and **D.A. Beamer**. 2016. Cryptic Diversity in Northern Dusky Salamanders. The 13th Annual Southeastern Ecology and Evolution Conference. Athens, GA, March 11-13, 2016.
- Privette, Z.W., S.M. Killoran and **D.A. Beamer**. 2016. Phylogeography of the Three-Lined Salamander: Unexpected Levels of Genetic Homogeneity Across the Southeastern United States. The 13th Annual Southeastern Ecology and Evolution Conference. Athens, GA, March 11-13, 2016.
- Gomez, I. and **D.A. Beamer**. 2015. A Comparison of Mitochondrial and Nuclear Gene Trees of the Seepage Salamander (*Desmognathus aeneus*). The 11th Annual State of North Carolina Undergraduate Research & Creative Symposium. High Point, NC, November 14, 2015.
- Rios, J., A. King, J. Mobley, I.K. Mirchandani and **D.A. Beamer**. 2015. Mimicry In Two Genera Of Salamander. The 11th Annual State of North Carolina Undergraduate Research & Creative Symposium. High Point, NC, November 14, 2015.
- Gomez, I. and **D.A. Beamer**. 2015. A Comparison of Mitochondrial and Nuclear Gene Trees of the Seepage Salamander (*Desmognathus aeneus*). Southeastern Ecology, Evolution, and Population Genetics Meeting Eatonton, GA, October 23-25, 2015.
- Mattison, K. and **D.A. Beamer**. 2015. Past, Present, Future: Hybridization Between Two Dusky Salamander Lineages. The 76th Annual Association of Southeastern Biologists Meeting. Chattanooga, TN, April 1-4, 2015.
- Gomez, K.A., K. Mattison and **D.A. Beamer**. 2015. Phylogenetic Perspective of a Contact Zone Between *Desmognathus fuscus* and *Desmognathus carolinensis*. The 76th Annual Association of Southeastern Biologists Meeting. Chattanooga, TN, April 1-4, 2015.
- Gomez, I. and **D.A. Beamer**. 2015. Diversification of Seepage Salamanders (*Desmognathus aeneus*) Across a Complex Geological Landscape. The 76th Annual Association of Southeastern Biologists Meeting. Chattanooga, TN, April 1-4, 2015.
- Mattison, K. and **D.A. Beamer**. 2015. Past, Present, Future: Hybridization Between Two Dusky Salamander Lineages. The 112th Annual Meeting of the North Carolina Academy of Science. Winston-Salem, NC, March 27-28, 2015. **3rd place Derieux Award - Oral Presentation**

Awards

Nash Community College Foundation Instructional Innovation Award – 2019

National Institute for Staff and Organizational Development (NISOD) Award – 2017

American Arachnological Society Annual Meeting, Best Student Poster – 2004

Professional Service

Society for the Study of Amphibians and Reptiles Names Committee Group, Caudata Section (2023-present)

Southern Dusky Salamander Biological Review Group Meeting, Florida Fish & Wildlife Conservation Commission (2024)

SEPARC Species Delimitation & Systematics Task Team Leader (2022-2024)

South Carolina State Wildlife Action Plan, Herpetology Revision Task Team Member (2023)

REU Mentor for Mountain Lake Biological Station REU Site (2021-2022)

Member of SEPARC Species Delimitation & Systematics Task Team (2021-present)

Vice President North Carolina Herpetological Society (2020-2023)

NC Scientific Council for Reptiles and Amphibians Population Status, 2018-present
